

# Bkf Butterfly Chair

Designed and manufactured in Granada, Spain by Fiaka

The emblematic **BKF Butterfly Chair** was created in 1938 by the Architects **Bonet, Kurchan and Ferrari** giving the name of their initials. An original and decorative piece, essential in the **most elegant atmospheres**. The quality of this chair is excellent, thanks to its unbreakable **solid iron structure** in a fixed piece (it doesn't get folded) painted with fire, giving it an excellent finish. You'll be able to choose the seat in any of our variety of fabrics: **synthetic leather** for indoors, **nautical** synthetic leather, **nylon** or **sailcloth** for outdoors. High quality fabrics and available in the whole Fiaka's range of colours.

## Indoors and Outdoors Use

### Measurements

- **Height:** 95 cm
- **Width:** 82 cm
- **Depth:** 70 cm

### Leatherette

Easy to clean high-end leatherette, very resistant. Designed for indoor use. its quality complies with the most stringent European standards in relation to its components and environmental protection.

### Nautic (Leatherette)

Nautical upholstery maintains the visual characteristics of the leatherette, but with three great advantages, it is a non-flammable, antibacterial and antifungal fabric. It is the perfect upholstery for public facilities, sanitary and different types of equipment.

### Canvas

Se trata de una tela fuerte y flexible. La loneta acrílica es un tejido apto para exteriores. Tiene un aislamiento hidrófugo, que actúa como barrera de la humedad. Aporta mayor calidez que otros tejidos sin perder las características que la hacen perfecta para uso externo.
