Nautic (Leatherette)

Nautical upholstery maintains the visual characteristics of the leatherette, but with three great advantages, it is a non-flammable, antibacterial and antifungal fabric. It is the perfect upholstery for public facilities, sanitary and different types of equipment.

Canvas

Se trata de una tela fuerte y flexible. La loneta acrílica es un tejido apto para exteriores. Tiene un aislamiento hidrófugo, que actúa como barrera de la humedad. Aporta mayor calidez que otros tejidos sin perder las características que la hacen perfecta para uso externo.
