

Cancún Stool

The **Cancún High Stool** perfectly combines **design and comfort**. It's **original, practical and very stylish**, perfect for including in **kitchen high tables, bars and restaurants**. Its steel structure gives it that **resistance and robustness** that you are looking for in an utilitarian piece. The seat is made up by a **rattan mesh** rich in textures, which provides a quality and naturality that counteract the steel industrial and urban touch. A piece full of **contrast** which follows the latest decoration trends.

Indoors and Outdoors Use.
